

High-volume remote notarization without the marketplace runaround

Houston Mobile Notary Pros provides Remote Online Notarization support for title, lending, auto finance, legal, and document operations teams that need a direct contact, clean handoffs, and predictable turnaround.

Best fit

- Title and escrow teams handling seller packages, refinance files, HELOCs, and lender documents
- Auto finance, lending, and servicing teams with repeat notarization needs
- Law firms and document teams that need remote signer support
- Operations teams with overflow volume, timing pressure, or multi-document packages

What we can handle

- Seller packages and real estate documents
- Powers of attorney, affidavits, sworn statements
- Trust, estate, and legal support documents
- Auto finance, title, and lender support documents
- Multi-document sessions with signer coordination

Pilot workflow

1. Send the pilot file - document type, signer count, deadline, and expected volume.
2. Confirm fit and quote - we confirm RON eligibility and provide pricing.
3. Complete the session - identity proofing, video session, e-signing, and notarization through a secure RON platform.
4. Return completed documents - digitally notarized files returned through the agreed process.

Pilot pricing

- Pilot session: \$75-\$150 depending on document type and signer count
- Repeat high-volume document work: \$25-\$30 per document when intake is standardized
- Custom account: quoted for SLA needs, mixed packages, multi-signer workflows, or dedicated routing

Trust signals

Texas commissioned online notary - RON certified - \$100,000 E&O insured - NNA certified signing agent - Background checked - Direct communication with Kenny
